PETITION FOR REVIVAL OF AN APPLICATION FOR PATENT ABANDONED UNAVOIDABLY UNDER 37 CFR 1.137(a)				
NOTE: The following showing of the cause of unavoidable delay must be party who is presenting statements concerning the cause of delay signature. Signature Stuart A. Whittington	5/1/700G Date 45,215			
Typed or printed name	Registration Number, if applicable			

(in the space provided below, please explain in data!) the reasons for the delay in filing a proper reply.)

A Final Office Action on this application was mailed Aug.1, 2005. Applicant timely responded to the Final Action on Nov.1, 2005. After no indication of the status of the Application, Applicant's representative contacted Examiner Ali on Jan.24, 2006 to determine the status of the application and identify what action to pursue in advance of the 6 month deadline expiring on Feb. 1, 2006. Examiner Ali indicated there had been a delay by the USPTO processing Applicant's response and he had not received it at the time of the call and due to this fact, his next communication would actually be mailed after after the 6 month date (February 1, 2006). Examiner Ali further indicated to Applicant's representative that because the delay was due to the USPTO, he would reset and/or extend the period for responding so that Applicant would have an opportunity to reply to the next official communication in an appropriate manner. Examiner Ali Issued an Advisory Action on Feb.14, 2006 without resetting or extending the period for which Applicant could respond.

On Mar.1, 2006, Applicant again contacted Examiner Ali to inquire why period for reply was not reset or extended in the Advisory Action as indicated in the previous telephone call. Examiner Ali indicated that it was merely an oversight and that a new communication would be mailed giving Applicant appropriate time to respond.

The new communication was never mailed and on Mar. 22, 2006, Applicant called Supervisory Examiner Ming-Ai to inform the examiner of the situation. Examiner Ming-Ai indicated that Examiner All inadvertently mislead Applicant's representative and that Examiner All had no authority or manner in which to reset or extend the period for reply, that the application was in fact abandoned because no proper response was filed by February 1, 2006, and that there was nothing Applicant could do but to petition to revive the application.

Applicant respectfully submits that the present application was unavoidably abandoned because (i) the USPTO incurred a 3 month delay in forwarding Applicant's after-final communication to Examiner All; (ii) Applicant was never made aware of the status of the Application after submission of its response filed Nov. 1, 2005 and prior to the 6 month deadline of Feb. 1, 2006 (even though good faith inquiry was made on Jan. 24, 2006); and (iii) Applicant's representative was improperly mislead by the Examiner that it should refrain from filing anything before receiving the next USPTO communication and that the application would not go abandoned because the period for response would be reset. But for Applicant's good faith reliance on the Examiner's recommendations and verbal commitment to reset the period for repty, Applicant would have filed some type of response by Feb. 1, 2008 and this application would not be abandoned,

(Places attach additional sheets if additional space is needed.)
